

## Dear Friends

How are you?

„**The Lord is my shepherd I shall not want**“ Ps. 23,1

-how familiar this verse is... and how little do we really believe it... **The LORD** –the creator and guide of the world and the whole universe **HE** is our **shepherd!** If we really trust him, he will take care of us, guide and protect us. How many hours of worrying and fear do we spent because we do not believe what we believe

... Coffee, Suitcases, Miles, courses & children's lessons...  
(- the past months...)

Well, we've already been in Europe/Germany for over 11 months. It was such a blessings to have a sabbatical time from the end of November to January. When we returned from Zimbabwe, we were quite tired, since then we've put a few thousand miles on the clock driving and flying through Germany, Switzerland and England. Our car is

always loaded with African treasures like coffee, beads and crocodile teeth.

It has been quite a busy time visiting folks and churches and ministering. It was great to see quite a few of you. Likewise it was a privilege to serve all the churches and fellowship groups.

We've been leading services, children- and youth times, senior citizen events, fellowship groups and were involved with 2000 people strong meetings.

Apart from that we did some training courses were we learned valuable things for our work.

Between nappies and church services (the coming months)

From our E-Mail updates or personal contact will most of you will know...that the Wald Vogel-nest is extending again. The due date is he 18.10.2012 for our second child. We are so grateful that the Lord can give more than medicine knows. Afterwards we'll be having 3 months here at the HQ to adjust from 3 to four before we set sail for Africa again. It is good, that we will be able to do this here in our familiar surroundings the DMG Mission...

Great to that our German sending Church is very close by. We are

planning to spend quite a bit of the remaining time getting to know new faces here. Several engagements are also lined up at our H.Q. So it's good that most of the „travelling ministry“ has been done now, especially the last three months were extremely busy but blessed to.

### “Kinder garden and a big tummy David & Silke reporting...

Hi-ya! Now I'm a big boy already!! I've been going to kinder garden for a while! I really like it there with loads of friendly teachers and friends to play with. Most I like the days at the forest. There we walk into the forest to a big forestry house (not a small cottage with a witch). We eat out, sing on a stick bench and play in a ravine.

Again and again I go travelling together with my mum and dad. Sometimes my head is spinning meeting so many new people. But it's also nice because I like people – especially nice ones like you! ☺! But the “bestes” thing is that we will soon get a baby all of our own!!! Mummy's tummy is real big, I hope the baby will come out before my mummy will pop like a balloon. Well imagine and then...I will become a big brother – that's so cool!!!

Yes, well...Mum shares this view!!!!It's getting a bit tight. Time to get out for baby☺! Although I am very happy to have such a good medical and social help here in Germany and England. Everything went so well despite of much to and fro. Thank you for praying for a good birth and adjusting time afterwards. Thank you for continuing to pray for our friends in Zimbabwe. Some are going through difficult times again; they need your spiritual back-up.

### “Zimbabwe - we're coming...” (- what comes next...)

We've decided with DMG und SIM (Partner - Organization) to return to Zimbabwe as planned mid to end of January next year. Our time there will be limited for one year for now since we have to test how we deal with the Zimbabwe situation, especially with two children then. How and where it will continue after that year we don't know yet please take this especially into prayer. Our heart beats for the people of Zimbabwe and the work there. But because of the difficulties there we need to make a plan B. There are different options but we really need the Lord's guidance and do not want to go by our preferences or ideas. So South-Africa, England or Germany are on the prayer map... Please bath it all in prayer. Thank you for your help in all that!!! Thanks for all your encouragement and support. The good shepherd will guide us and you in the right way!!!

He knows best for all of us!!With his blessing & all our Love,

***your Waldvogels***
